

Pollinators in the Garden Activity

<https://www.easypeasyandfun.com/butterfly-paper-hand-puppet/>

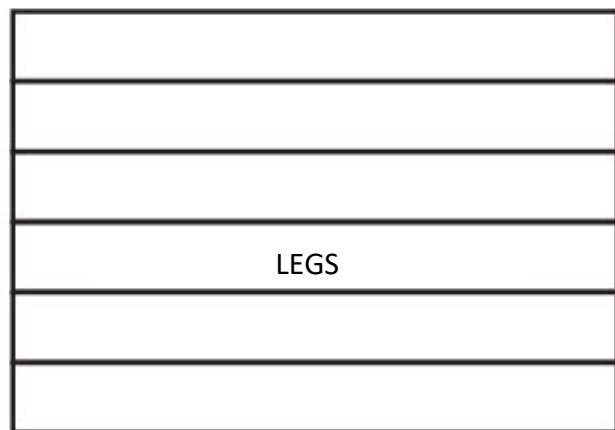

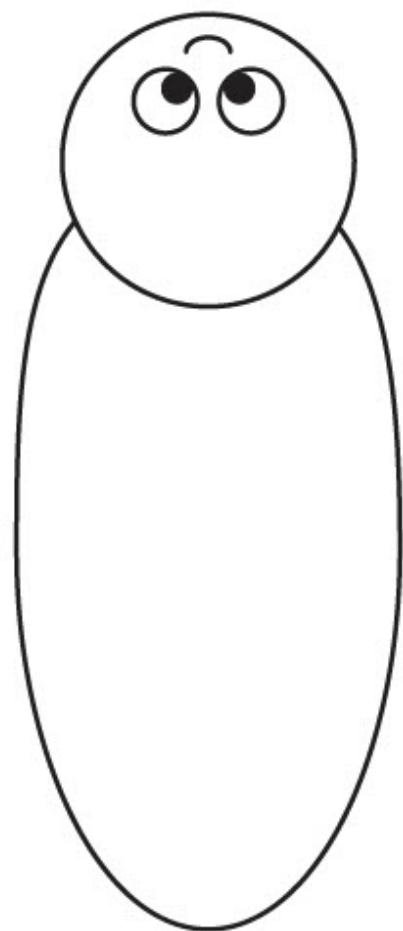

Supplies:

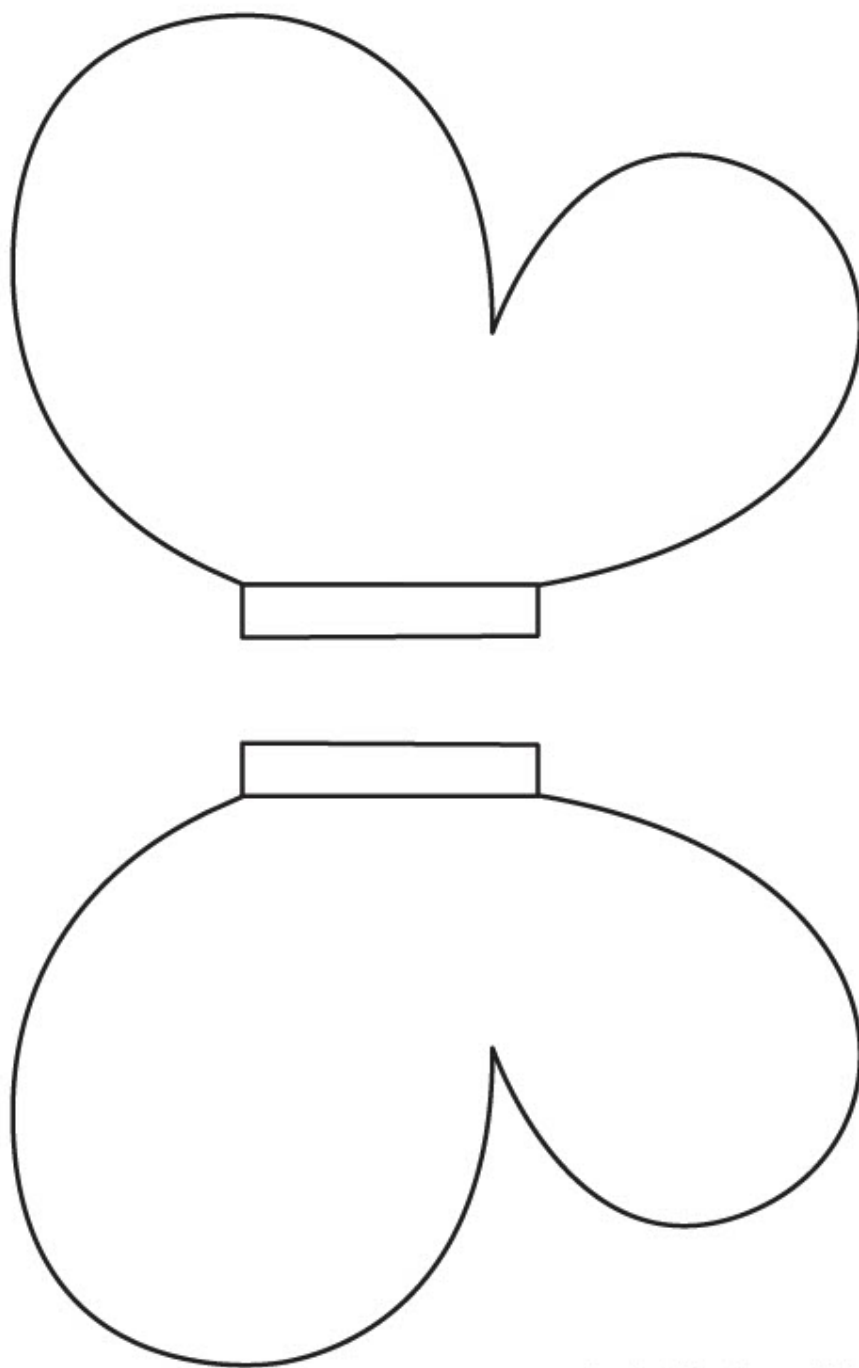

- Cardstock or construction paper
- White or colored printer paper
- Butterfly template
- Scissors
- Glue

Instructions:

1. Using the template as a guide, draw the butterfly body, legs and strap on construction paper or card stock. Cut out all the pieces.
2. Use the template to draw the wings on printer paper.
3. Decorate the wings with stickers, circles, or any way you like.
4. Fan fold the legs. Turn the butterfly over and glue the legs along the sides of the body.
5. Glue the wings onto the top of the body by putting glue only on the rectangle shaped tabs. The rest of the wing should not be glued down.
6. Put glue on the ends of the strap and glue just the ends to the underside of the body. Slide your hand into the strap. Move your hand up and down and watch your butterfly flutter it's wings.
