Supplies:

- Toilet paper tube
- 2 pieces of ribbon, 5 inches long each
- Tissue paper (5 strips, 2 inches by 6 inches)
- Tape or glue
- Candy or small toys

Instructions:

1. Take one strip of ribbon and glue/tape one end to inside of tube. Drape rest of ribbon across opening. Cover with piece of tissue paper and glue paper to outside of tube, leaving tail of ribbon hanging.
2. On opposite side of tube, take other strip of ribbon and tape each end to the outside of the tube to form a handle.
3. Take strips of tissue paper, and tear slightly along one side. Glue strip around tube, then other strips above each preceding strip until you reach the top.
4. Fill top of tube with small candies.
5. Hang tube and when you're ready, pull hanging ribbon to let the candy fall out!
