

## **AHEAD OF THE LEARNING CURVE**

We help employers remain competitive by offering the latest, most advanced facilities and custom-designed workforce programs. The Greenfield Education and Technology Center also offers high-bay training areas and temporary office space so expanding or relocating companies can get to work while their facilities are being built.

### **Dr. Robert Sandel**

President of Virginia Western Community College,  
operator of the Greenfield Education and Training Center,  
jointly with Dabney S. Lancaster Community College
